In this land of many natural wonders, enjoy the rare opportunity to search for the aurora borealis — one of nature's most dazzling light displays, also known as the northern lights.*

Day 2: Monday, March 24, 2025 Reykjavík, Iceland - Tour Begins Your tour opens in Reykjavík, Iceland's capital city. Make yourself comfortable at your hotel upon arrival, as your rooms are ready for an early check-in and breakfast awaits you.** This afternoon, get acquainted with old town Reykjavík with a local guide on a walking tour featuring the harbor, city hall, the Parliament building, and the nearby cathedral, dating back to 1796. Gather with your fellow travelers at a popular restaurant for dinner featuring Icelandic cuisine. This evening, take an exhilarating northern lights cruise*** and sail into the darkness of Faxaflói Bay in search of the aurora borealis.* (B, D)

Day 3: Tuesday, March 25, 2025 Reykjavík - Golden Circle - Vík This morning, travel the Golden Circle to experience natural wonders, including the explosive Geysir thermal area and the double-cascade Gullfoss waterfall. You'll also experience the famous Thingvellir National Park, where you'll stand upon the crest of the Mid-Atlantic Ridge. In the afternoon, stop at the Lava Exhibition Center and delve into Iceland's past and present volcanic eruptions. Afterward, witness Seljalandsfoss, a rushing waterfall where you may walk behind the water for unique views from the inside out. Next, continue onto Vík. Drive or venture on foot into the stillness of rural Iceland in search of the northern lights. You'll enjoy three nights of searching to increase your likelihood of catching a glimpse of these elusive lights.* (B, D)

Day 4: Wednesday, March 26, 2025 Vík - Dyrhólaey - Vík Begin your day with journey to Reynisfjara, a volcanic sandy beach surrounded by basalt formations and home to thousands of nesting sea birds. Look out over the natural rock formations at Dyrhólaey, a small peninsula of volcanic origin towering over the ocean. Next, visit the Skógar Museum and discover its turf-built homes and artifacts. Afterward, stand in awe before the impressive Skógafoss waterfall, one of Iceland's biggest and most beautiful waterfalls. Cap off your day with a visit to Sólheimajökull Glacier, Iceland's fourth largest glacier. After dinner, gaze at the sky in search of the northern lights.* (B, D)

After dinner, continue searching for the northern lights dancing across the night sky.* (B, D)

Day 6: Friday, March 28, 2025 Vík - Reykjavík Drive along the south shore towards the Reykjanes Peninsula. Known for its rugged landscape, lava fields, and numerous hot springs, the peninsula is home to the Blue Lagoon. Take a dip in the warm, mineral-rich waters of the geothermal pool, located in the heart of a dramatic lava field. Return to Reykjavík for your farewell dinner and overnight stay. (B, D)

The overall activity level of this tour is a level 3. This means you're an on-the-go traveler. You don't want to miss a thing, so walking and standing for longer periods of time (1-2 hours) isn't a big deal. You can navigate hills and uneven ground, climb into various modes of transportation (tuk-tuk, cable car, Zodiac, etc.), and could possibly anticipate changes in elevation. You can expect some longer days balanced with free-time to recharge or set out on your own adventure. While you are searching for the northern lights, you will be walking and waiting outdoors. It is recommended that you wear sturdy non-slip snow footwear and warm clothing including thermals, hat, scarf and gloves. Most natural sites such as waterfalls, beaches, and lava fields require walking on unpaved, uneven surfaces rendered slippery by ice and rain. Sturdy footwear and ice crampons are required if you plan to walk in these areas or approach the waterfalls.

If you require any special assistance while on tour, please make us aware at time of reservation so the necessary request form can be sent to your attention.

This tour takes place in the winter. You can expect varying weather conditions with brisk days and limited daylight. We seek to best utilize your time while on tour; to account for the potential for adverse weather, some activities or days may need to be altered, shifted, or cancelled. In addition, museum visits and shopping may be affected by observance of religious or local holidays.

*The northern lights are in the Northern Hemisphere from September through April and are only visible when the sky is clear and free of clouds. **As this tour is weather dependent, sightings of the northern lights are not guaranteed.**

Single accommodations are limited and are available on a first come, first served basis. Single rate subject to change based on availability.

Coaches which may not be lavatory equipped may be used on this program. In this case, stops are made during travel periods. Due to the remoteness of the sites we visit, the travel time between restrooms may be up to 2 hours.

To complete your tour, we include roundtrip airport-to-hotel transfers when purchasing our airfare with your tour. If you have arranged for your own air, we are pleased to provide you the option of purchasing these transfers. Please note that all transfers will leave at pre-scheduled times.

For air-inclusive reservations, the name provided at time of booking must match your government-issued ID that will be used during travel. Name changes are subject to penalties.

Due to flight schedules, a post night may be required in some Icelandair gateway cities (at an additional cost). Please inquire at time of reservation.

Please be advised many airlines do not provide advance seat assignments until check-in at the airport. Advance seating will be subject to the airline's terms and conditions.

Experience It! The Northern Lights

Each year, during the winter months, travelers journey to Iceland and venture out into the dark to see the magical but elusive northern lights (aurora borealis). This natural phenomenon is the product of collisions between electrically charged particles from the sun that enter the earth's atmosphere; the results are spectacular. Streaks of colorful light appear across the sky. The colors can vary from white to pink or purple and, most commonly, green. It is known that the best time to witness the lights in Iceland is from late September to mid-April, when the nights are the longest. This light show is truly dazzling and worth the pursuit.
