New Hampshire Climate Change Resolution

To see if the town will go on record in support of effective actions by the President and the Congress to address the issue of climate change which is increasingly harmful to the environment and economy of New Hampshire and to the future well being of the people of Alton.

These actions include:

- 1. Establishment of a national program requiring reduction of U.S. greenhouse gas emissions while protecting the U.S. economy.*
- 2. Creation of a major national research initiative to foster rapid development of sustainable energy technologies thereby stimulating new jobs and investment.*

In addition, the Town of Alton encourages New Hampshire citizens to work for emission reductions within their communities, and we ask our Selectmen to consider the appointment of a voluntary energy committee to recommend local steps to save energy and reduce emissions.

The moderator read **ARTICLE 42**: *The below registered voters in the town of Alton, New Hampshire request the Board of Selectmen to include the following in the Warrant Articles for public vote on March 13, 2007:*

*To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of establishing a new town beach, and to raise and appropriate the sum of **Fifty Thousand Dollars (\$50,000.00)** to be placed in that fund and to appoint the Selectmen as agents to expend from the Fund. [Appropriation Recommendation - the Selectmen and the Budget Committee recommend \$25,000.00]*

William Curtin motioned to accept this article and C. Blackstone seconded the motion. Peter Bolster presented an amendment to the article, which recommends \$25,000 in the capital reserve fund. W. Curtin seconded the motion. P. Bolster stated that they were hoping to get an appropriate piece of beach front to give Alton the type of waterfront they felt Alton should have. He stated that some money should be available for the town beach. This capital fund would help the committee, petitioners, selectmen, and the budget committee be on the same page to hopefully pass this warrant article. The amended passed by a favorable vote.

Loring Carr stated that the Town Beach was used for access to the lake during the winter and he felt access to the ice was limited by the new design. He stated it should come before the voters and asked the town attorney if this would not come before the voters. The town attorney stated that it would come before the voters. R. Bailey stated there was access to the ice. L. Carr stated there was a chain blocking the entrance to the water or ice. L. Carr motioned to amend the article to remove the words “and to appoint the Selectmen as agents to expend from the Fund.” L. Boyce seconded the motion for the amendment.

Richard Macdonald asked what would now have to happen to expend this fund. R. Bailey recommended against this amendment because a town meeting would have to happen to expend the money. Steve Miller stated that if they got the opportunity to buy what they wanted to buy, it would most likely be a seven-figure price and he would like to see the town decide on how to spend the money. Ken Roberts stated that this amendment would defeat the purpose of this article.

L. Carr stated this was a capital reserve fund and it could build up to a large amount of money. He stated this would be a portion of what this would cost. He stated there were a lot of questions about the article and he felt the wording about the Selectmen was ambiguous, which is why he wanted it taken out.

P. Bolster spoke about his experience as a realtor. He stated that this money was for the purpose of holding the property and it would come back to the voters. He stated this would be used not as a down payment, but as a security deposit.

The moderator reviewed the revised article and the vote was taken. The second amendment failed.

P. Bolster stated that the design of the beach was not necessarily what they wanted but what was regulated by the state. He explained the design of the current beach. He stated that if they wanted to argue this, they would need to take it up with the state.

“To see if the town will vote to authorize the selectmen to sell town owned land in Alton Bay on the west side of Route 11 to lessees, know as Shibley’s at the Pier, provided the selling price is based on fair market value as established by two independent appraisers. All cost shall be borne by the buyer with no cost to the town.”

Macdonald proposed an amendment that the money that came from this sale of this land would be placed in an escrow account to help buy a town beach. W. Curtin seconded the motion. Shirley Bishop stated it looked to her like this was on the east side of Route 11. It was found that this was correct, as was confirmed by P. Shibley. It was noted this should be changed in the wording to read “east”. A secret ballot vote was taken. The amendment passed by a vote of 33 to 16.

A. Sherwood proposed a second amendment to Article 43 that included language about the Shore Line Protection Act. The motion was seconded by P. Fuller. A. Sherwood spoke about his experience with a provision in the state law that exempts towns from local zoning for private use. He stated this is provision to make sure this follows the correct legal process and that the Shore Line Protection Act applies to this. He stated that there would be plenty of time for this to take place. P. Shibley spoke at length about the land and the lease history. He spoke about some of his concerns about articles in the Laconia Daily Sun, which he felt were not correct. A secret ballot vote, requested by five voters present at the meeting, was taken for this second amendment to article 43. The amendment passed by a vote of 46 to 16.

Article 43, which was amended and approved twice, now reads:

“To see if the town will vote to authorize the selectmen to sell town owned land in Alton Bay on the east side of Route 11 to lessees, know as Shibley’s at the Pier, provided the selling price is based on fair market value as established by two independent appraisers. All cost shall be borne by the buyer with no cost to the town and to have said money from the sale to be placed in an escrow account and to be used to help buy a town beach or to be added to the capital reserve fund for the beach. Any such sale shall not be exempt from the Town of Alton zoning regulations and the State of New Hampshire regulations, including the Shoreline Protection Act. This authorization shall expire one year from the date of enactment.”

Crouse stated that if it resulted in less people running for office that was fine with her but that they would be present at the position they were elected to hold. Jeff St Cyr asked who would enforce this article. R. Bailey responded that the chairman of that board or committee would enforce the article, then it would go to the Superior Court.
