E. Russell Bailey introduced the members of the Board of Selectmen present at the Head Table, and Karen Painter introduced the members of the Budget Committee present.

Selectman McMahon presented the State of the Town Address on behalf of the Board of Selectmen. He reported that the Annual Town Report is published after the Deliberative Session, so the purpose of the address is to report on highlights from the past year. He reported that the most imposing challenge of 2009 was the effect of the current economic downturn of the century and our local economy. He reported that the objective of the Selectmen is to minimize the financial impact on our taxpayers affected by the difficult financial times. He reported that The Budget Committee has been supportive of the Selectmen's decision concerning the dilemma of "services vs. taxes". He spoke about the compensation of Town employees, reporting that no cost of living increases were given this year to any employee but that a two-year step increase was given to a few eligible employees. In addition, due to the significant increase in the proposed insurance rates, a different insurance group plan was instituted, which shifted some of the cost to the employees. He thanked the Town employees for their dedication and understanding during these times. He spoke about revisions to the Policy Manual, including the investment policy, internal control policy, and the record retention policy. He spoke about town roads and some of the maintenance or reconstruction that has taken place. He discussed the recommendations of the Capitol Improvement Plan Committee to extend the life of our Town equipment. He reported that the trash compactors at the Transfer Station would be replaced and spoke about alternative energy solutions, such as wind power, that the Selectmen are considering. He announced that a new Police Chief had been appointed and a new Fire Chief had been appointed this year, as well. He acknowledged former Fire Chief Alan Johnson, who had passed away in August, and former Selectman Jim Washburn, who passed away at the end of 2008. He thanked the volunteers of our

boards, committees, and commissions, stating that without them they could not accomplish many of the tasks at hand which could be very overwhelming for the Board to manage on their own. He thanked the citizens of Alton for their continued support.

Moderator Northridge welcomed the attendees, and announced that Candidates' Night, sponsored by the Alton Rotary, was scheduled for Thursday, February 11, 2010. He read the rules of the meeting.

Moderator Northridge stated that Warrant articles one through nine had been presented by the Planning Board at a Public Hearing held before the Town Deliberative Session.

**ARTICLE 10:** *To see if the Town will vote to discontinue the following Capital Reserve Funds with said funds which have no balance or interest.*

**ARTICLE 11:** *To see if the Town will vote to raise and appropriate the sum of One Hundred Three Thousand Five Hundred Dollars (\$103,500.00) the purpose of purchasing & equipping three police vehicles SUV to be funded by a grant in the amount of (\$19,235.00) and from the fund balance in the amount of (\$84,265) with no dollars to be raised by taxation. This will be a non-lapsing appropriation per RSA 31:7VI and will not lapse until completed or by December 31, 2010 [Appropriation recommended by the Selectmen (5-0) and by the Budget Committee (6-0). (A majority vote is required)]*

Selectman McMahon moved the article and Selectman Bolster seconded the motion. Selectman Fuller recognized Police Chief Ryan Heath to speak for the article. Chief Heath spoke about fleet management for the Alton Police Department, explaining that there are eight vehicles in their fleet, with only seven vehicles being equipped as police vehicles. He reported on the excessive amount of miles on the vehicles and noted that only two were sufficient for daily patrol. The vehicles that will be replaced all have over 120,000 miles on them, with two of the vehicles having holes in the floors of the cars. He spoke about the safety issues of the vehicles and maintenance expenses.

David St. Cyr noted that the motorcycle was not on the list of vehicles. Chief Heath responded that it was a one-year lease and the department hoped to lease another motorcycle. David St. Cyr noted that he was told that there was no K-9 officer but that he had been stopped by the K-9 officer. Chief Heath stated that there was not an Animal Control Officer but there was a K-9 officer.

Reuben Wentworth asked about the terms of the grant and noted that he would not support this

Warrant article if there was acceptance of AARA grant money. Chief Heath explained it was a "straight up" grant but was not sure if it was an AARA grant. Reuben Wentworth stated he would vote "no" on this unless it was raising money through taxation.

Richard MacDonald asked if the town would be required to keep the officer associated with this grant. Chief Heath responded that this was to raise money for three police cruisers and no officer was included with the grant.

Laurie Boyce asked about who was the administrator of the grant and Chief Heath explained that the County was the administrator of the grant.

Bob Longabaugh asked about the wear on the three vehicles, noting that the three vehicles would be wearing out at about the same time.

Selectman Fuller reported that none of the money for the vehicles would come from taxation and spoke about the money that would come from surplus money.

Reuben Wentworth spoke about his concerns about using the surplus money, reporting that back taxes owed to the town was approximately \$1.7 million dollars.

David St. Cyr noted that the money in the surplus came from tax money raised in the past and asked for clarification on where the money came from. Selectman Fuller explained that the money did not come from new taxes. Selectman Bolster explained that the money in the surplus also helped to set the tax rate each year for the town.

Reuben Wentworth stated that the money was used to offset the tax rate and asked if the Selectmen knew how much the rate would have increased if the money was not in surplus to offset the taxes.

Selectman McMahon motioned to restrict Warrant article 11 for further consideration and Selectman Bolster seconded the motion. The motion passed by favorable vote.

***ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of Twenty Eight Thousand Dollars (\$28,000.00) to be added to the Landfill Closure Capital Reserve Fund, as previously established. Selectman Bolster moved Warrant article 14 and Selectman Hussey seconded the motion. Selectman Carr spoke for the article and explained that the article would set up the process for selling the land.

Steve Miller stated he was in favor of the article and asked if the Town Hall could be exempted from being sold. Attorney Sessler stated that it would take a separate warrant article.

Bob Longabaugh asked if the Selectmen could still sell the property. Selectman Carr responded that it was part of the process that the Selectmen could sell the property but if there were fifty petitioners, they could stop the sale so that there would be a special warrant article.

Jeffrey St. Cyr asked what the Selectmen were looking at now for lots and if they were looking to sell any specific lots. Selectman Carr responded there was not a plan for selling specific lots. Jeffrey St. Cyr asked if the article could be amended and Attorney Sessler responded that the article could not be amended.

Reuben Wentworth spoke against the article and felt that the selling of the land should not be left to the Selectmen.

David Lawrence asked if a right of way could be granted for a piece of land that was landlocked. Attorney Sessler noted that exceptions could be granted but that it wasn't desirable to a piece of land to be totally landlocked.

Selectmen Bolster reported that some of the parcels are small and may only be suitable for a home to be built on them. He felt that it would be more beneficial for the properties to be sold.

Keith Dube spoke about the opportunity he had last year to vote on the purchase of the Twombly property and felt the decision should go before the voters.

Jim Bureau, resident asked for an explanation of the process. Selectman Carr explained the process of the purchase and sale of town property. Jim Bureau asked if the petition of fifty voters could be started at any time and Selectman Carr confirmed that it could be started anytime.

David St. Cyr asked if any lot sizes were identified. Selectmen Carr stated that this would start the process but that no lot sizes were identified. David St. Cyr felt that the landlocked pieces of land would only be desirable to abutters.

Reuben Wentworth spoke against the Warrant article and felt that the Selectmen should not have the power to sell property without a vote from the voters.

Bob Longabaugh spoke about his concerns about releasing the power from the voters and appointing the Selectmen the power to sell property.

Selectman Bolster motioned to restrict Warrant article 14 for further reconsideration and Selectman McMahan seconded the motion. The motion passed by favorable vote.

Selectman Fuller motioned to restrict the article for further reconsideration and Selectman Bolster seconded the motion. The motion passed by a favorable vote.

*ARTICLE 16: To see if the Town will vote to authorize the Water Commissioners to enter into a four year lease/purchase agreement for Forty Thousand Dollars (\$40,000.00) for the purpose of leasing/purchasing /equipping a truck with an aluminum utility body and raise and appropriate the sum of (\$10,000.00) for the first years lease payment for that purpose. The lease/purchase agreement must contain an escape (non appropriation) clause. The total amount shall be borne by the water system rate payers and not by general taxation. This will be a non-lapsing appropriation per RSA 31:7VI and will not lapse until completed or by December 31, 2013. [Recommended by Selectmen (5-0) and by the Budget Committee (6-0)]. (A majority vote is required).*

Richard MacDonald asked if the cost of this item was going to be paid for by the people who receive town water and Richard Quindley explained that they would have to form a Water District.

Steve Parker asked if the truck was going to have any other uses. Richard Quindley spoke about the uses of the truck, similar to the way it is utilized now.

Reuben Wentworth asked if any costs were going to be passed on to water district customers and Richard Quindley responded that there was a rate increase planned at this time.

David St. Cyr asked why the Park and Recreation Department would be maintaining the sidewalks in the town and felt it should be the Highway Department. Selectman Fuller stated it was part of Buildings & Grounds.

Ken Roberts, Director, Highway Department, explained that Building & Grounds plowed the sidewalks because of manpower.

Reuben Wentworth spoke about the size of the wheelbase and noted it was too big for the sidewalks. Selectman Hussey explained that the vehicle articulated, as it could have one wheel on the sidewalk and one on the pavement of the road. Reuben Wentworth asked if the Warrant article was to buy the piece of equipment or if it was to add to the Warrant article. He felt that the Capital Reserve fund could be expended by the Selectmen at any time and felt the Selectmen should have reported they wanted to purchase a piece of equipment.

Keith Dube asked if this piece of equipment was sufficient.

Steve Parker spoke about his concerns of the bandstand at the Bay and felt something should be done about it.

Reuben Wentworth asked how the Selectmen were able to purchase this piece of equipment for \$34,000, when it was on the market for over \$100,000 and felt it might be a 'white elephant'. He spoke about his concerns with the wording of the article and what was really going to be done with the money. Selectman Hussey explained that he is in the business of procuring equipment and had waited three months for this deal. Selectman Carr spoke about a lawsuit that had happened last year in Tilton where someone sued the town because they could not access the sidewalk. He spoke about some of the issues with maintenance of the sidewalks in the past. Reuben Wentworth felt that the Selectmen had not been forthcoming with the way they presented

the article.

Gregory Fuller spoke about a way the article could be amended to include the mention of the piece of equipment.

David St. Cyr spoke about the possible amendment of the article.

Attorney Sessler stated that the piece of equipment could be mentioned at the end of the article but felt it wasn't necessary.

Steve Parker spoke about the condition of the sidewalks and crosswalks in town, and spoke about a specific area of sidewalk. Moderator Northridge called for a point of order.

Richard MacDonald asked if the piece of equipment would be able to fit between some of the fences and poles in the town, especially near the Bay Cemetery. Road Agent Roberts spoke about the benefits of the machine and felt it was unique.

Mark DiVito reported that they had test-driven the machine around the fences at the cemetery and found it to be sufficient.

Laurie Boyce motioned to amend Warrant article 17 to add "the purchase of a Boltek TP-54" to the second sentence of the article. Selectman Fuller seconded the motion. It was noted that the amendment would change the purpose of the article. Laurie Boyce withdrew her motion and Selectman Fuller withdrew her second.

Selectman Carr motioned to amend Warrant article 17 to add the mention of the equipment to the end of the article and Laurie Boyce seconded the motion. Attorney Sessler noted that the mention of the piece of equipment would not be favored by the DRA. Selectman Carr withdrew his motion but Laurie Boyce would not withdraw her second.

Gregory Fuller offered to make the motion to add, "the selectmen proposed to purchase a Boltek TP-54", and Laurie Boyce kept her second. There was brief discussion of the amendment. The vote was called and failed.

She spoke about the expenditure of funds for repairs and the process of getting money back from FEMA to cover costs.

Richard MacDonald reported that the Budget Committee had been told that the Cemetery would be paid for by taxation. He reported that a five-year employment contract had been awarded to the caretaker. He spoke about his concern for the trust fund and felt that the trust fund would be built back up by having the Selectmen manage the cemetery.

Bob Longabaugh asked how long there had been a full-time employee. Shirley Lane reported that there had been a full-time employee for four years.
